

**Team Name: AARDVARK** (Hannah DeFazio, Nik Lamb, Ben Myrick, Jenna Ryan)

**Report Number: 10**

**Reporting Week: October 29nd - November 4th**

**Summary of work completed in prior week:**

This week, we met after class to finalize our presentation and check out Hannah's new website (it's great by the way). Because some of us were sick, we're pushing off the presentation and design document to next week. We met early in the week and were able to finish most of the design presentation. We have most of the presentation done, so we're in a good spot after this week.

Hannah got the kinect up and running so we can start collecting data soonish

We requested an extension and then met multiple times this week to go over what needed to be done to prepare to present.

**Summary of work planned for next week:**

To-Do's for the coming week:

- Prepare Design Document
- Finalize and practice Design presentation
- Get started on putting together components and testing systems
- Start data collection

**Open issues and action plan to resolve them:**

No open issues currently, group thus far has been respectful and directed.

**Project management summary**

<b>Team member</b>	<b>Tasks completed</b>	<b>Hours worked for week</b>	<b>Total hours</b>
Hannah DeFazio	Class time, meetings, website design		32.5
Nik Lamb	Class time, meetings, sequence diagrams	2	23
